

Guidelines for Contributors

World Review of Political Economy (WRPE) is a double-blind, peer-reviewed journal of the World Association for Political Economy, published by [Pluto Journals](#). WRPE has been indexed in ESCI (Emerging Sources Citation Index, an edition of Web of Science™) since 2015, and in Scopus since 2018.

Submission

Articles should be original and not currently under consideration by any other publication. All contributions should be submitted to WRPE via the [WRPE ScholarOne Manuscripts site](#) (<https://mc.manuscriptcentral.com/wrpe>), or via “**Submit a manuscript**” on the [WRPE ScienceOpen homepage](#) (www.scienceopen.com/collection/wrpejournal).

For submission on [ScholarOne](#), new users should first create an account. Once a user is logged onto the site, submissions should be made via the Author Center. Online user guides and access to a helpdesk are available on this website. Authors should prepare and upload at least two files: Title Page and Main Document. Main Document should be an anonymous complete text, in which all information identifying the author(s) should be removed in order to allow it to be sent anonymously to referees. Title Page may include article's title, author's short biography and contact information.

For submission on [ScienceOpen](#), new users should first register an [ScienceOpen](#) account and Orcid ID, and sign in your [ScienceOpen](#) account. You need “Search” the “World Review of Political Economy” by “Collections”, then “Follow” the “[World Review of Political Economy](#)” homepage on [ScienceOpen](#), and prepare a PDF manuscript for submission.

Please contact the Editorial Office of WRPE via wrpe@cass.org.cn or wrpejournal@sina.com if you have any questions.

Contributions should be submitted in English. If authors are not native English speakers and are uncertain about the quality of their writing, their work should be edited for language by a native English speaker prior to submission.

Contributions should be formatted as A4 Microsoft Word files (Mac files must be converted), double-spaced and with ample margins. All pages, including those containing only diagrams and tables, should be numbered consecutively. Biographical information of up to 80 words should be included on the title page, indicating authors' institutional affiliation, research area, representative writings,

and email addresses.

It is the responsibility of the author to obtain permission to reproduce any illustrations that may be subject to copyright, and sources should be indicated appropriately in the accompanying captions. The use of figures (diagrams, charts, graphs) and tables should be kept to a minimum, with only essential data presented. Each should be numbered consecutively, titled, and mentioned in the main text. Tables must contain editable text. Figures should be supplied as separate *editable* files where possible (preferably in EPS, Illustrator or Excel format) and not in colour. Picture files or JPEGs are unsuitable for figures, but can be supplied for photographs if they are of good quality. Mathematical formulations should be kept to a minimum. Footnotes should be numbered consecutively. Bibliographical references should be checked for accuracy. Authors' full addresses and other contact information including email, fax, telephone numbers, and postal address should be included in a separate A4 Microsoft Word file. One photo of the author should be provided (the first two authors' photos, if the contribution is co-authored), which will appear in the journal on the article's title page.

WRPE contributions are reviewed in **five categories**:

- 1) **ARTICLES**, up to 12,000 words, including an abstract of maximum 200 words describing the main arguments and conclusions, three to five key words, notes acknowledgements, funding, and references.
